

Gemma Sheen – Associate Case Manager  
Midlands and North West

Gemma is an Associate Case Manager who works with adults and children to ensure effective rehabilitation and quality care. She is based in Cheshire and gained her Registered General Nursing of Adults Qualification in 1985.

Gemma is experienced in complex care settings within both the community and hospital environments including a number of years as an intensive care nurse. She has invaluable experience working with clients who have complex long term conditions

Gemma supports experienced nurses and support workers, ensuring excellent clinical and social care is maintained.

Complex conditions she has worked with include; traumatic brain injury, hypoxic brain injury, spinal cord injury, multiple sclerosis, motor neurone disease and those who require complex respiratory management.

Gemma has experience in coordinating professionals around the client to enhance care; she promotes strong communication within the team. She has worked with many multidisciplinary teams to ensure the well being of the client is paramount.

In her role as case manager Gemma works to ensure her clients receive effective rehabilitation and support to achieve their health, care and social goals.

Gemma will be supported by the AJCM team including administrative support, Compliance Team, and Registered Manager. This ensures that our clients are supported by a team and can expect an excellent standard of service at all times.

***Case management is a process devoted to the coordination, rehabilitation, care and support of people with complex, clinical needs. It aims to facilitate their independence and improve their quality of life whilst acknowledging safety issues. (British Association of Brain Injury Case Managers)***
